YOUR
**CYBER
MEMO**

**Let's Celebrate
Earth Day** EARTH
DAY
.CA

Once again this year, we invite you to the Waste Pick-Up Race organized by the members of the Environmental Consulting Committee (ECC).

This activity can be done at any time that is convenient for you, however the ECC suggests the weekend of April 22-23, thus multiplying the positive impact.

Take advantage of this event to plan environmental activities at home, alone or with your family. Whether it's a jog or a health walk, take a stroll through the various sectors of the Municipality in order to pick up the garbage that winter has left behind. In addition to being a great way to get back in shape, it's an opportunity to pay tribute to the Earth and give our beautiful Township a makeover!

Share your photos!

Just like our participants last year, inspire your neighbors and friends by sharing your photos of your Waste Pick-up Race at info@wentworth.ca.

It's Spring Cleaning Time!

With the arrival of spring, many people like to do a thorough cleaning of the house and take the opportunity to get rid of some clutter.

Before you throw everything away, make sure you sort it out. In fact, if the item is in good condition, you could even post it on a classified ad site or offer it to a self-help organization.

Do you have questions about sorting? We invite you to visit 3.2.1.0.com. This site has a checklist, tips and tricks to help you.
