CYBER MEMO

THE NEWS

Protecting the watershed!

The Township of Wentworth is proud to be one of 30 municipalities to sign a joint declaration for the protection and improvement of water quality in the Rivière du Nord watershed.

This initiative stems from a collaborative effort between upstream and downstream municipalities. Together, they engaged in a collective reflection that led to the co-writing of an ambitious declaration with concrete commitments.

A new addition to the municipal staff

Valérie Bourassa has recently joined the Urban Planning and Environment staff. She holds the position of assistant and is also a temporary replacement during a paternity leave. Her presence will contribute to maintaining the quality of services offered to citizens.

Please welcome her at her e-mail address:
vbourassa@wentworth.ca

COUNCIL MEETINGS

The Municipality is proud to present its current projects as well as those discussed during question periods at council meetings. We invite you to read the various topics covered to better follow municipal news. Enjoy!

Do you have any questions about any of these points? Don't hesitate to contact us! We'll be happy to answer them.

Works - Part of Dalesville Road

The contract for work on a portion of Dalesville Road has been awarded. A project funding registry will be held on Monday, May 26. For more details, see By-law 2025-008.

Awareness at the Park of Lake Grace

The Township of Wentworth is working with the Township of Gore to reiterate the rules of the Park of Lake Grace. The goal is to restore safety and tranquility to the area. Stay tuned for our upcoming communications.

Lake Louisa Outlet Project

Following the 2024 survey of Lake Louisa residents, the Municipality commissioned an engineering firm to analyze the lake's outlet. This study aims to assess the feasibility of two scenarios:

- The repair of the outlet in its current form;
- Or a repair that would raise the level of the lake.

The analysis will compare regulatory implications, costs, timeframes, and missing data needed to move forward with this project.

Opening of the Boat Wash Station

The Boat Wash Station season is about to begin! Stay tuned for upcoming announcements about the long weekend schedule.

Lake Louisa sticker holders can pick up the municipal landing key at the Town Hall, Monday to Friday, between 9 a.m. and 4:30 p.m. For now, the system will operate the same way as last year. Please note: an automated phase for the station is coming soon!

SECURITY

The civil security committee finalizes its emergency measures plan

At the next municipal council meeting, the civil security committee plans to adopt its emergency measures plan as well as prevention regulations. Adjustments will be made to the prevention regulations to take into account comments received from citizens on the initial draft.

Citizens are invited to stay tuned for upcoming communications, which will help promote effective deployment of the plan across the town.

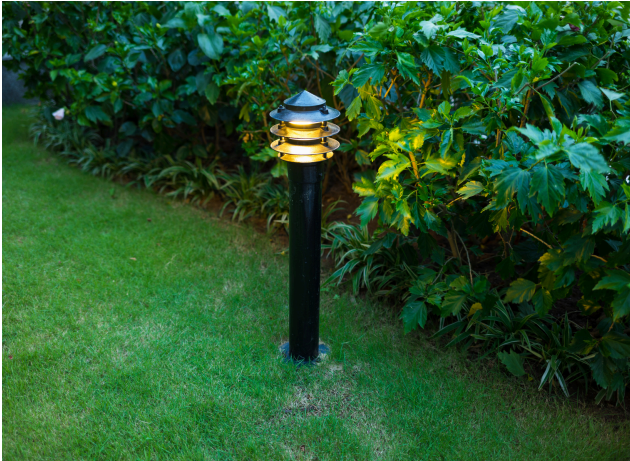

Furthermore, the Municipality plans to put online, in the coming weeks, a directory in "questions and answers" format in order to better inform the population on issues related to civil security.

**Acting together
for everyone's
safety**

May 4-10 is Civil Protection Week, with the theme of building resilience. It's the perfect opportunity to get informed! Discover government resources available online, such as the essentials to include in an emergency kit or the reflexes to adopt in the event of a disaster.

ENVIRONMENT

Outdoor Lighting: What You Need to Know

The zoning by-law regulates outdoor lighting to preserve the beauty of the starry sky. In the front yard, a maximum of two ground or freestanding light fixtures is permitted per lot, with no limit in the side or rear yard. These fixtures must not exceed 2.1 meters in height, the light source must be covered, and the lighting must not be directed upward or extend beyond the property boundaries.

Do you make the distinction?

Some clarification is needed regarding the difference between packaging and protection. Only polystyrene food packaging (e.g., meat packaging) is acceptable in the blue bin.

For protective polystyrene (e.g. packaging for household appliances), it must be placed in the trash.

In May, we delay lawn mowing!

Once again this year, the Township of Wentworth invites you to delay your first lawn mowing to provide pollinating insects with the nectar and pollen they need.

Did you know that 35% of our food supply depends on pollinating insects?

A report (french only)

PUBLIC WORKS

Spring maintenance in progress

The public works team has begun sweeping streets and repairing potholes. This work is essential to ensure everyone's safety and comfort.

We therefore urge motorists to be vigilant and to respect the temporary signs in place. Caution is also required for our pedestrians, cyclists, and field workers.

A safer living environment

As part of its efforts to improve road safety, the Township of Wentworth installed bollards in 2024 to reduce speed in certain areas.

Together, let's be vigilant and drive more slowly for the good of all!

Reminder – Removal of temporary car shelters

The deadline to remove your temporary car shelters is Thursday, May 15. Please respect this deadline to remain in compliance with municipal regulations.

ACTIVITIES

Back to the Waste Pick-Up Race

Congratulations to everyone who participated in the Waste Pick-Up Race this Earth Day weekend! Every little bit helps our environment.

If you come across any trash, pick it up!

Our planet will thank you.

Back to Fast Track activity

Once again, congratulations to the Family and Seniors Committee for the successful organization of this second edition! The activity was very popular, with 24 people participating. Many even extended the fun past 4 p.m. to complete another round!

The next activity is scheduled for Tuesday, May 27. Reserve your afternoon!

Interest in upcoming CPR and AED training

The Family and Seniors Committee is planning to hold another CPR and AED training workshop. Proposed dates are Saturday July 19 or Sunday July 20, from 1pm to 5:30pm.

If you are interested, please contact Johanne Asselin directly at 450 562-0701, ext. 2928, or by email at jasselin@wentworth.ca.

The activity requires a minimum of 8 participants to take place, with a maximum of 12.

THE REMINDERS

It's summer hours at the ecocentre

From May 21, the ecocenter will be open on Wednesdays, Saturdays and Sundays, from 9 a.m. to 4:30 p.m.

This will also be the return of the Dôme recycling center, which will be open Wednesdays, Saturdays and Sundays from 10 a.m. to 2:30 p.m.

[All the details](#)

Special schedule: Monday, May 19

On Monday, May 19, please note that the municipal office will be closed due to National Patriots' Day.

The municipal team wishes you a great day!

Council meeting

The council meeting will take place on Monday, June 2 at 7 p.m. Everyone is welcome.

Location: 175 Chemin Louisa
